**Arrival and Parking** - Upon arrival, park in the main lot with signage for the camp. Walk to the nearby dining hall for checking in at the registration table. You will get your cabin assignment or figure out where you want to tent. You can drive the car on the walking paths to unload at the cabin or tent site, but then as soon as possible move your car off the path.

The main lot is not big enough for all of us. As a courtesy to later arrivals, please consider moving your car to either of the other lots, behind Pinewoods or by the teen cabin. (Note to newcomers: not worth stressing over.)
